

## DRAFT Conference Program

### Day 1 – Tuesday 23 June 2020

*\*Please note, this is a draft and subject to change*

Timing	Session	Room
7:00am – 5:30pm	Registration Open	
8:00am – 6:30pm	Exhibition Open	
Plenary Session 1 –		
Chair:	To be advised	
9:00am – 10:30am	<p><b>Welcome to Country</b></p> <p><b>Conference Welcome</b></p> <p><b>Speaker:</b> Mr Terry Slevin, Chief Executive Officer, Public Health Association of Australia</p> <p><b>Opening Address</b></p> <p><b>Invited Speaker:</b></p> <p><b>Presentation title to be advised</b></p> <p><b>Keynote Speaker:</b></p> <p><b>Presentation title to be advised</b></p> <p><b>Keynote Speaker:</b></p> <p><b>Presentation title to be advised</b></p> <p><b>Keynote Speaker:</b></p>	Sponsored by:
10:30am – 11:00am	Morning Tea and Exhibition	

11:00am – 12:30pm - Concurrent Session 1					
Time	1A - Advocacy and Government Policy Room: Chair:	1B - Vaccine Preventable Diseases Room: Chair:	1C - VPD in special populations Room: Chair:	1D - Vaccine Safety Room: Chair:	1E - Immunisation Program & service delivery Room: Chair:
11:00am – 11:15am	No Jab No Pay/Play: how much impact on child immunisation rates? <b>Speaker:</b> Rebecca Seth	MenB vaccine impact on MenB disease, carriage and gonorrhoea in South Australia <b>Speaker:</b> Helen Marshall	<b>2018 GSK Grant Winner</b> Melbourne Sexual Health Centre Maternal vaccine effectiveness in preventing influenza illness in young Australian infants. <b>Speaker:</b> Jocelynn McRae	Safety of meningococcal B vaccine in adolescents in Australia <b>Speaker:</b> Bing Wang	<b>2018 GSK Grant Winner</b> School of Public Health and Community Medicine, University of New South Wales <b>Speaker:</b>
11:15am – 11:30am	No Jab, No Play, Which Way?: Australian state-level daycare vaccine mandates 2014-2019 <b>Speaker:</b> Katie Attwell	National trends in invasive meningococcal disease serogroups 2014–2019 <b>Speaker:</b> Catherine Tran	Optimising the Australian hepatitis B schedule for preterm and/or low-birthweight infants <b>Speaker:</b> Ye Jin Joo	Self-controlled case series analysis of zoster vaccine safety using primary care data <b>Speaker:</b> Anastasia Phillips	A measles epidemic in New Zealand 2019: What happened and why? <b>Speaker:</b> Nikki Turner
11:30am – 11:45am	Manufacturing Consent for Vaccine Mandates: Communication Campaigns in France and Australia <b>Speaker:</b> Katie Attwell	Influenza vaccination by Vaxxas patch; clinical trial results and real-world applications. <b>Speaker:</b> Charles Ross	Meningococcal disease risk in men who have sex with men <b>Speaker:</b> Tsitsi Diana Mubaiwa	Shoulder Injury Related to Vaccine Administration (SIRVA): A Case Series <b>Speaker:</b> Daryl Cheng	Stakeholder perspectives on the national HPV vaccination program <b>Speaker:</b> Caitlin Swift
11:45am – 12:00pm	'No Jab No Pay': what impact on vaccine objectors? <b>Speaker:</b> Alexandra Hendry	Impact of meningococcal vaccine programs on carriage of Neisseria meningitidis in adolescents <b>Speaker:</b> Helen Marshall	Immunisation of Victorian Aboriginal children: patterns of service access. <b>Speaker:</b> Kylie Carville	Status epilepticus following vaccination: a five year retrospective review <b>Speaker:</b> Lucy Deng	Meningococcal B Immunisation Program: announcement to implementation <b>Speaker:</b> Sara Almond
12:00pm – 12:15pm	Standing up for my child: The lived experience of non-vaccinating Australian parents <b>Speaker:</b> Kerrie Wiley	Effectiveness of Adjuvanted vs Non-Adjuvanted Influenza Vaccination in U.S. Nursing Homes <b>Speaker:</b> Stefan Gravenstein	Optimising infection prevention in at-risk children without asplenia or hyposplenia. <b>Speaker:</b> Vanessa Verissimo	The reactogenicity of 4CMenB alone and when administered concomitantly <b>Speaker:</b> Alan Leeb	Measles, vaccine shortages and public demand. <b>Speaker:</b> Shelley Daysh
12:15pm – 12:30pm	No fault compensation for Australia? What Australian advocates can learn from overseas. <b>Speaker:</b> Shevaun Drislane	Uptake and influenza vaccine effectiveness in Australian children with chronic lung diseases <b>Speaker:</b> Nusrat Homaira	A Nurse Practitioner led immunisation service for adults with special vaccination requirements <b>Speaker:</b> Madeline Hall	Active influenza vaccine safety surveillance: what we have learnt over time <b>Speaker:</b> Helen Quinn	Global tools for assessing the behavioural and social drivers of childhood vaccination <b>Speaker:</b> Julie Leask
12:30pm – 2:00pm	Lunch, Exhibition and Poster Displays P1				

2:00pm – 3:30pm - Concurrent Session 2					
Time	2A - Vaccine VPD Room: Chair:	2B - Vaccine Safety Room: Chair:	2C - Immunisation Program & service delivery Room: Chair:	2D - VPD in special populations & others Room: Chair:	2E – Table Top Presentations Room: Chair:
2:00pm – 2:15pm	The burden of pertussis potentially preventable by optimising infant vaccination timeliness <b>Speaker:</b> Heather Gidding	AEFI-CAN: an internationally recognised Australian vaccine safety clinical network <b>Speaker:</b> Nigel Crawford	Using the Perinatal Data Collection to Improve Maternal Vaccination <b>Speaker:</b> Vicky Sheppard	Genital warts on the decline: Successes of Australian human papillomavirus vaccination program <b>Speaker:</b> Harunor Rashid	<ol style="list-style-type: none"> <li>Often overlooked but never beaten: Nurse-led Immunisation Outreach in Whanganui, New Zealand <b>Speaker:</b> Nicola Metcalfe</li> <li>SMS Precall - Community Yarnings - Connecting Our Mob <b>Speaker:</b> Rominy Balodis</li> <li>Attitudes and beliefs associated with influenza vaccination among Australian adults <b>Speaker:</b> Mallory Trent</li> <li>Multiple vulnerabilities - immunisation coverage amongst refugees and people seeking asylum <b>Speaker:</b> Meryl Jones</li> <li>Impact of pneumococcal vaccination on pneumonia hospitalisations in Indigenous children <b>Speaker:</b> Caitlin Swift</li> <li>Beat the Bugs Puppet Show: Providing Vaccine Education in Communities <b>Speaker:</b> Sharon Swaney</li> </ol>
2:15pm – 2:30pm	Pertussis disease and maternal vaccine effectiveness in Australian infants <b>Speaker:</b> Helen Quinn	Active surveillance of adverse events following immunisation in pregnancy <b>Speaker:</b> Catherine Glover	PRIME - access, equity and innovation in immunisation for refugee background communities <b>Speaker:</b> Georgia Paxton	9-Valent HPV Vaccine Efficacy in Women with Prior HPV Exposure <b>Speaker:</b> Suzanne Garland	
2:30pm – 2:45pm	Measles, mumps, rubella and varicella: low immunity among globally mobile university students <b>Speaker:</b> Anita Heywood	Telephone helpline data utility for syndromic surveillance of adverse events following immunization <b>Speaker:</b> Yonatan Mesfin	The value of Aboriginal Health Worker immunisation providers <b>Speaker:</b> Kylie Hart	Creating accessible immunisation services for former refugee children: A health system perspective <b>Speaker:</b> Lara Cavit	
2:45pm – 3:00pm	Live Zoster Vaccine: 8 Years Effectiveness against Herpes Zoster and Postherpetic Neuralgia <b>Speaker:</b> Debra Bourke	Is infant intussusception 21-days following rotavirus vaccine more severe? A prospective study <b>Speaker:</b> Meru Sheel	How to improve influenza vaccine uptake in children <b>Speaker:</b> Samantha Carlson	The Impact of the Pneumococcal Immunisation Program on Australian Adult IPD Epidemiology <b>Speaker:</b> Paul Van Buynder	
3:00pm – 3:15pm	Susceptibility to hepatitis B among globally mobile university students in Australia <b>Speaker:</b> Anita Heywood	Antenatal influenza vaccination and risk of childhood influenza and other respiratory infections <b>Speaker:</b> Damien Foo	Examining hospital based influenza promotion and vaccination of children with medical comorbidities <b>Speaker:</b> Holly Seale	How reactogenic are pneumococcal vaccines administered to Australian adults? <b>Speaker:</b> Alexis Pillsbury	
3:15pm – 3:30pm	Intervention options for healthy non-responders to the hepatitis B vaccine <b>Speaker:</b> Catherine Tran	Evaluation of the AusVaxSafety Active Vaccine Safety Surveillance System <b>Speaker:</b> Kushani Marshall	Identification of health service level factors that influence high Indigenous vaccination coverage <b>Speaker:</b> Fleur Webster	Prevalence, Incidence, and Natural History of HPV Infection in Women Aged 24-45 <b>Speaker:</b> Suzanne Garland	

3:30pm – 4:00pm	Afternoon Tea and Exhibition	
<b>Presentation of Awards</b>		
4:00pm – 4:30pm	<p><b>PHAA National Immunisation Achievement Award</b></p> <p>In 2008, awarded the inaugural National Immunisation Achievement Award to honour and recognise outstanding service in the field of immunisation/vaccine preventable diseases. This Award is designed to be PHAA's pre-eminent prize in the field of immunisation/vaccine preventable diseases and will be bestowed once every two years in conjunction with the PHAA National Immunisation Conference.</p>	 Public Health Association AUSTRALIA
<b>Feery Oration</b>		
4:30pm – 5:30pm	<p><b>Presentation title to be advised</b></p> <p><b>Orator:</b></p> <p>The Feery Oration is sponsored by Seqirus and delivered at the biennial Public Health Association of Australia's National Immunisation Conference. This is the twelfth Oration to be delivered in honour of Dr Brian Feery, a most distinguished scientist who has made a major contribution to immunisation in Australia. Throughout his career Dr Feery work tirelessly in vaccine research and the promotion of immunisation in Australia until his retirement in 1990.</p>	<p><b>Sponsored by:</b></p> 
5:30pm – 6:30pm	Conference Welcome Reception and Exhibition	
6:30pm	End of Day 1	

## Day 2 – Wednesday 24 June 2020

*\*Please note, this is a draft and subject to change*

Timing	Session	Room
7:30am – 5:00pm	Registration	
8:00am – 5:00pm	Exhibition Open	
<b>Plenary Session 2 –</b>		
<b>Chair:</b>	To be advised	
8:30am – 10:00am	<b>Presentation title to be advised</b> <b>Keynote Speaker:</b> <b>Presentation title to be advised</b> <b>Keynote Speaker:</b> <b>Presentation title to be advised</b> <b>Keynote Speaker:</b> Q&A with keynotes (10 mins)	Sponsored by:
10:00am – 10:30am	Morning Tea and Exhibition	
<b>Plenary Session 3 –</b>		
<b>Chair:</b>	To be advised	
10:30am – 12:30pm	<b>Presentation title to be advised</b> <b>Keynote Speaker:</b> <b>Presentation title to be advised</b> <b>Keynote Speaker:</b> <b>Vaccination coverage in the media</b> <b>Keynote Speaker:</b> Ms Cathy O'Leary, Health journalist The media has an important role in vaccination promotion but what are the challenges? Q&A with keynotes (20 mins)	Sponsored by:
12:30pm – 1:30pm	Lunch, Exhibition and Poster Displays P2	

1:30pm – 3:00pm - Concurrent Session 3

Time	3A Rapid Fire - Clinical Practice & program Implementation Room: Chair:	3B Rapid Fire - Immunisation program Room: Chair:	3C Rapid Fire - Immunisation acceptance & equity & select setting Room: Chair:	3D Rapid Fire - Special Pops Room: Chair:	3E Rapid Fire - Vaccine Safety Room: Chair:
1:30pm – 3:00pm	Re-immunisation for children ≥10 years old. Post oncology treatment. A prospective audit. <b>Speaker:</b> Nadine Henare	A State-wide Paediatric/Adolescent Vaccination Program to Prevent Invasive Meningococcal W Disease <b>Speaker:</b> Paul Effler	Sharing Knowledge About Immunisation (SKAI): Uptake and engagement with a communications package <b>Speaker:</b> Bianca Bullivant	Relative effectiveness of adjuvanted, high-dose and standard influenza vaccines in older adults <b>Speaker:</b> Maureen Tham	Influenza vaccine reactogenicity alone and concomitantly with Childhood NIP scheduled vaccines. <b>Speaker:</b> Alan Leeb
	Recommendation for delaying live-attenuated vaccination following intravenous-immunoglobulin administration is poorly adhered to <b>Speaker:</b> Rebecca Wessel	Development of a medical education program on refugee and migrant immunisation. <b>Speaker:</b> Abela Mahimbo	Health-literacy demand and cultural appropriateness of online refugee and migrant immunisation resources. <b>Speaker:</b> Ikram Abdi	Pilbara Targeted Meningococcal C Program <b>Speaker:</b> Jodie Bennett	Re-vaccination protocol for Dravet syndrome: experience at Royal Children's Hospital 2016-2019 <b>Speaker:</b> Georgina Lewis
	Symptoms and sequelae following Invasive Meningococcal Disease in Australian adolescents and adults <b>Speaker:</b> Mark McMillan	Better meeting community needs: evaluation and redesign of Vaccination for Our Mob' <b>Speaker:</b> Katrina Clark	Why we think antivaccine activists are all the same and why we shouldn't <b>Speaker:</b> Jeremy Ward	Catching-up children with cochlear implants <b>Speaker:</b> Siu-min Tay	NSW School HPV active AEFI surveillance pilot 2019 <b>Speaker:</b> Patrick Cashman
	Hepatitis B immunity and hepatitis B immunoglobulin following paediatric community needle-stick exposure <b>Speaker:</b> Krist Ewe	Factors associated with influenza vaccination of children aged 6-59 months. <b>Speaker:</b> Samantha Carlson	Global overview of barriers to childhood vaccination: Vaccine Barriers Assessment Tool project <b>Speaker:</b> Jessica Kaufman	Assessing the impact of personalized video message on maternal influenza vaccination uptake <b>Speaker:</b> Khai Lin Kong	Yellow Fever Vaccination in Egg Allergic Children <b>Speaker:</b> Ketaki Sharma
	The broader role of the immunisation pharmacist <b>Speaker:</b> Annie Cobbledick	Psychosocial factors and uptake of pertussis and influenza vaccination during pregnancy <b>Speaker:</b> Hassen Mohammed	Recognising the Nurse Immuniser role in addressing gaps in access and equity <b>Speaker:</b> Sandra Miles	Provider recommendation is key for uptake of pertussis vaccine in older Australians <b>Speaker:</b> Michael Nissen	Potential hypersensitivity reactions following childhood immunization. How common is true vaccine allergy? <b>Speaker:</b> Chloe-Maryse Baxter

	<p>Help, I need advice, management of immunisation errors.  <b>Speaker:</b> Bernadette Heaphy</p>	<p>Using economics to inform program design in areas of low immunisation coverage  <b>Speaker:</b> Susan Thomas</p>	<p>Catching up: improving vaccine coverage in marginalised young people  <b>Speaker:</b> Christine Parrott</p>	<p>Vaccine-preventable disease burden and immunisation coverage among migrants and refugees worldwide  <b>Speaker:</b> Larisa Cavit</p>	<p>Serious Acute Neurological Events (SANE) following immunisation  <b>Speaker:</b> Adele Harris</p>
	<p>Examining prescribing of immunisations for inpatients at a tertiary paediatric hospital  <b>Speaker:</b> Anita Campbell</p>	<p>Evaluation of the 2019 WA Pharmacist Influenza National Immunisation Program Vaccination Trial  <b>Speaker:</b> Rebekah Dawson</p>	<p>Audits of pharmacist vaccinator compliance with specified standards  <b>Speaker:</b> Mareeka Hair</p>	<p>Resources to support healthcare providers' engagement with vaccine hesitant individuals  <b>Speaker:</b> Joshua Karras</p>	<p>Active surveillance of adverse events following immunisation in school-based programs  <b>Speaker:</b> Nicola Carter</p>
	<p>SMS Pre-call to increase immunisation coverage among Indigenous children in Central Queensland  <b>Speaker:</b> Dianne Krenske</p>	<p>Strengthening immunisation in our region: NITAG technical twinning between Timor-Leste and Australia  <b>Speaker:</b> Sarah Sheridan</p>	<p>Using an Electronic Medical Record (EMR) to optimise seasonal influenza uptake  <b>Speaker:</b> Kate Gazzard</p>	<p>Modelling the influenza disease burden in Australian adults aged ≥ 50 years  <b>Speaker:</b> Aye Moa</p>	<p>Active surveillance of adverse events following meningococcal ACWY vaccination at 12 months  <b>Speaker:</b> Catherine Glover</p>
	<p>Text2Vax: a national survey of pregnant women's vaccine reminder perceptions and preferences.  <b>Speaker:</b> Minda Sarna</p>	<p>The Australian Regional Immunisation Alliance: Supporting countries in the Asia Pacific region  <b>Speaker:</b> Kristine Macartney</p>	<p>HPV vaccine coverage in Australia and associations with vaccine information exposure on Twitter  <b>Speaker:</b> Amalie Dyda</p>	<p>Tetanus Prone Wounds and Vaccine Coverage in the Paediatric Setting  <b>Speaker:</b> Lynne Clutterbuck</p>	<p>GP representation rate as a proxy-measure to monitor adverse event following vaccination  <b>Speaker:</b> Yonatan Mesfin</p>
	<p>Determining the accuracy of influenza vaccinations recorded in the Australian Immunisation Register: 2018 to 2019.  <b>Speaker:</b> Chloe Thomson</p>	<p>Establishing RSV surveillance at a tertiary children's hospital- preventative therapies are coming!  <b>Speaker:</b> Nigel Crawford</p>	<p>Pop up vaccination clinics in response to a measles outbreak  <b>Speaker:</b> Bhakti Vasant</p>	<p>The state of maternal pregnancy immunisation coverage in New Zealand  <b>Speaker:</b> Anna Howe</p>	<p>AusVaxSafety: Australia's innovative approach to post-licensure vaccine safety monitoring  <b>Speaker:</b> Nicola Carter</p>
	<p>Adult influenza vaccination: is it well captured on the Australian Immunisation Register?  <b>Speaker:</b> Katrina Clark</p>	<p>Needle in a haystack: probabilistic-matching to review the accuracy of the AIR  <b>Speaker:</b> Liz Walker</p>	<p>Increased influenza vaccination coverage for 0-4-year-olds in Tu Ora Compass Health  <b>Speaker:</b> Louise Lewis</p>	<p>Safety and protective effects of maternal influenza vaccination on pregnancy &amp; birth outcomes  <b>Speaker:</b> Hassen Mohammed</p>	<p>Volume counts: investigating a spike in serious adverse neurological events following immunisation  <b>Speaker:</b> Hazel Clothier</p>
3:00pm – 3:30pm	Afternoon Tea and Exhibition				

3:30pm – 5:00pm – Concurrent Session 4					
Time	4A - Vaccine coverage Room: Chair:	4B - Equity and Access Room: Chair:	4C - Select settings Room: Chair:	4D - Acceptance demand hesitancy Room: Chair:	4E - Mixed Room: Chair:
3:30pm – 3:45pm	<b>2018 GSK Grant Winner</b> Central Queensland Public Health Unit	<b>2018 GSK Grant Winner</b> Queensland Specialist Immunisation Service, Children's Health Queensland	Influenza uptake in medically at-risk children: parent, provider and practice level barriers <b>Speaker:</b> Jane Tuckerman	"Tell me how you got here": Non-vaccinating parent's pathways to vaccine rejection <b>Speaker:</b> Kerrie Wiley	Pertussis vaccination failure in New Zealand infants and young children <b>Speaker:</b> Hannah Chisholm
	Influenza vaccination uptake in Australian children aged 6months-<5years: continued improvements in 2019 <b>Speaker:</b> Alexandra Hendry	Knowledge Attitudes Perceptions of Arab Australian Community Toward Human papillomavirus Vaccination Program <b>Speaker:</b> Faeza Netfa			
3:45pm – 4:00pm	Impact of key national policy changes on immunisation medical exemption rates (1996-2018) <b>Speaker:</b> Celeste Marsh	Improving childhood immunisation rates: experiences from the Central Coast Local Health District <b>Speaker:</b> Katarrzyna Bolsewicz	Pharmacist administration of NIP FLUAD® vaccine during the 2019 ACT influenza season <b>Speaker:</b> Claire Behm	Using social media for vaccination promotion: practices and challenges <b>Speaker:</b> Maryke Steffens	Impact of meningococcal B vaccine on meningococcal carriage density and persistence <b>Speaker:</b> Mark McMillan
4:00pm – 4:15pm	Adult vaccination data from the Australian Immunisation Register: the first 2 years <b>Speaker:</b> Brynley Hull	Antenatal Vaccination in the Australian Capital Territory (ACT): Leading the pack? <b>Speaker:</b> Callum Thirkell	Influenza vaccine for Paediatric Intensive Care Unit (PICU) patients <b>Speaker:</b> Sonja Elia	Feasibility and acceptability pilot of the multi-component P3-MumBubVax antenatal vaccine promotion intervention <b>Speaker:</b> Margie Danchin	Respiratory syncytial virus-associated deaths in Australian children, a rare but important outcome <b>Speaker:</b> Gemma Saravanos
4:15pm – 4:30pm	How well are vaccinations in pharmacy captured in the Australian Immunisation Register? <b>Speaker:</b> Kaitlyn Vette	Improving access for vulnerable young people to vaccinations: a nurse-led model <b>Speaker:</b> Belinda Tominc	Using mixed methods to compare influenza vaccination at pharmacy vs GP <b>Speaker:</b> Mallory Trent	Influenza vaccination of children medically at-risk: practice level barriers in medical practitioners <b>Speaker:</b> Jane Tuckerman	Herpes zoster vaccine coverage in Australia following a national vaccination program <b>Speaker:</b> Jialing Lin
4:30pm – 4:45pm	Effectiveness and accuracy of data transfer to the Australian Immunisation Register <b>Speaker:</b> Lauren Dalton	Evaluation of Pharmacist administered Influenza Vaccination in high-risk Hospital Outpatients (EPIVHO) <b>Speaker:</b> Kim Ta	Rotavirus vaccine effectiveness during G2P[4] rotavirus epidemic in rural/remote Australia <b>Speaker:</b> Bianca Middleton	Why do pregnant women decline influenza vaccination? Learnings from a NSW study. <b>Speaker:</b> Jocelynne McRae	Surveillance of adverse events following immunisation in Australia, 2018 <b>Speaker:</b> Aditi Dey

4:45pm – 5:00pm	Vaccination coverage in children with mothers born overseas: a population-based cohort study. <b>Speaker:</b> Ikram Abdi	Estimating the impact of SMS reminders on increasing influenza vaccination <b>Speaker:</b> Rebekah Dawson	Introducing mandatory influenza vaccination for healthcare workers in NSW: Lessons learnt <b>Speaker:</b> Holly Seale	Understanding Hospital-Based Influenza Vaccination for Children with Medical Comorbidities <b>Speaker:</b> Daniel Norman	The case for policy change on passive immunisation for preventing CRS <b>Speaker:</b> Megan Young
5:00pm	End of Conference Program Day 2				
7:00pm – 11:00pm	Conference Dinner and Presentation of GSK Immunisation Grants				
11:00pm	End of Day 2				

## Day 3 – Thursday 25 June 2020

*\*Please note, this is a draft and subject to change*

Timing	Session	Room
8:00am – 1:30pm	Registration	
8:30am – 1:30pm	Exhibition Open	
<b>Plenary Session 4 –</b>		
<b>Chair:</b>	To be advised	
9:00am – 10:30am	<p><b>Influenza vaccine research using large linkable databases</b>  <b>Keynote Speaker:</b> Dr Jeff Kwong, Senior Scientist, ICES</p> <p>Health administrative data have been used for decades for pharmacoepidemiologic research, but their use for research on vaccine-preventable diseases has generally been more limited. In this talk, I will provide some examples of how we have used linked databases (e.g., laboratory data, health administrative data) in Ontario, Canada to conduct epidemiologic studies on influenza and influenza vaccines.</p> <p><b>Innovations for stronger more integrated immunization services in resource-limited settings.</b>  <b>Keynote Speaker:</b> Dr Chris Morgan, Head, International Development Discipline, Burnet Institute</p> <p>This presentation will discuss what is needed at the front-line of immunization services in resource-constrained settings from Africa through to Australia's near neighbours in order to strengthen routine programs. It will draw on the lessons learned from the review of progress under WHO's Global Vaccine Action Plan to 2020 and discuss the innovations in service delivery and appropriate technologies that are needed for the next decade. The presentation will highlight the work of Australians in global immunization (including the new Australian Regional Immunization Alliance) and the importance of connections with global partners such as WHO, UNICEF, Gavi, the Bill &amp; Melinda Gates Foundation and PATH.</p> <p><b>Presentation title to be advised</b>  <b>Keynote Speaker:</b>            Q&amp;A with keynotes (15 mins)</p>	Sponsored by:
10:30am – 11:00am	Morning Tea and Exhibition	
<b>Plenary Session 5 –</b>		
<b>Chair:</b>	To be advised	

Timing	Session	Room
11:00am – 12:30pm	<p><b>Presentation title to be advised</b> <b>Keynote Speaker:</b> <b>Presentation title to be advised</b> <b>Keynote Speaker:</b> <b>Tuberculosis vaccines – progress and challenges</b> <b>Keynote Speaker:</b> Professor Ben Marais, Co-director, Marie Bashir Institute for Infectious Diseases and Biosecurity, University of Sydney</p> <p>Global TB disease burden and End TB strategy</p> <p>Evolutionary origins of TB and relevance to vaccine development</p> <p>BCG – historical overview and strain diversity</p> <p>BCG – current use and ongoing challenges</p> <p>New TB vaccines on the horizon</p> <p>Q&amp;A with keynotes (10 mins)</p>	<b>Sponsored by:</b>
12:30pm – 1:30pm	Lunch, Exhibition and Posters P3	
<b>Closing Plenary Session</b>		
<b>Chair:</b>	To be confirmed	
1:30pm – 2:45pm	<p><b>Presentation title to be advised</b> <b>Keynote Speaker:</b> <b>Presentation title to be advised</b> <b>Keynote Speaker:</b> <b>Presentation title to be advised</b> <b>Keynote Speaker:</b> Q&amp;A with keynotes (20 mins)</p>	
2:45pm – 3:00pm	<b>Conference resolutions and conference close</b>	
<b>3:00pm</b>	<b>End of Conference</b>	

## Poster Presentations – Day 1 – Tuesday 25 June 2020

*\*Please note, this is a draft and subject to change*

Timing	Session	Room
1:00pm – 1:30pm	<p><b>P1.001</b> - Long-Term Immunogenicity and Effectiveness of 9vHPV Vaccine in Preadolescents and Adolescents  <b>Speaker:</b> Jason Menche</p> <p><b>P1.002</b> - Population attributable risk of school characteristic associated with low HPV initiation  <b>Speaker:</b> Cassandra Vujovich-dunn</p> <p><b>P1.003</b> - Using parent interviews and process mapping for an immunisation service improvement  <b>Speaker:</b> Deidre Brogan</p> <p><b>P1.004</b> - 'Links2HealthierBubs' Cohort Study: safety, uptake, effectiveness of influenza and pertussis antenatal vaccines.  <b>Speaker:</b> Minda Sarna</p> <p><b>P1.005</b> - The PCV13 vaccine is effective against hypoxic pneumonia in children in Laos  <b>Speaker:</b> Rupert Weaver</p> <p><b>P1.006</b> - safety and immunogenicity of 15-valent pneumococcal conjugate vaccine in healthy infants  <b>Speaker:</b> Louise Dunn</p> <p><b>P1.007</b> - Providing a paediatric Influenza immunisation service, targeting immune compromised patients  <b>Speaker:</b> Cathy Boundy</p> <p><b>P1.008</b> - MF59 adjuvanted quadrivalent influenza vaccine for prevention of influenza in older adults  <b>Speaker:</b> Chris Clarke</p> <p><b>P1.009</b> - Co-designing a tailored immunisation strategy in Maitland; reminders, outreach and homevisitng  <b>Speaker:</b> Susan Thomas</p> <p><b>P1.010</b> - Monash Health Whole of Life Hospital Based Immunisation Service  <b>Speaker:</b> Joanne Hickman</p> <p><b>P1.011</b> - Recurrent Lipoatrophy following multiple vaccinations: a case study  <b>Speaker:</b> Georgina Lewis</p> <p><b>P1.012</b> - Maternal Immunisation Uptake Audit at the Women's and Children's Hospital, North Adelaide  <b>Speaker:</b> Kathryn Riley</p> <p><b>P1.013</b> - 20 Years of Universal Varicella Vaccination in the USA: Insights For Implementation  <b>Speaker:</b> Debra Bourke</p> <p><b>P1.014</b> - Protecting our most vulnerable: Reflections from Perth Children's Hospital Influenza vaccination program  <b>Speaker:</b> Filomena Mascaro</p> <p><b>P1.015</b> – Strengthening clinical investigation of serious AEFIs in NSW through monthly education sessions  <b>Speaker:</b> Paola Garcia</p>	

	<p><b>P1.016</b> – Practical use of public health guidelines for the management of Meningococcal Disease  <b>Speaker:</b> Brianna Morello</p> <p><b>P1.017</b> – Impact of Q-VAX® pre-vaccination screening results -analysis of the Q Fever Register  <b>Speaker:</b> Daphne Sawlwin</p> <p><b>P1.018</b> – Understanding reasons for incomplete childhood immunisation in the Gold Coast: Qualitative study.  <b>Speaker:</b> Isabel Wang</p> <p><b>P1.019</b> – Lack of recognition of pertussis risk for patients with chronic respiratory diseases  <b>Speaker:</b> Julianne Bayliss</p> <p><b>P1.020</b> – Variability Across Global Adult Pneumococcal Recommendations and Funded Programs  <b>Speaker:</b> Paul Van Buynder</p>	
--	---	--

## Poster Presentations – Day 2 – Wednesday 24 June 2020

*\*Please note, this is a draft and subject to change*

Timing	Session	Room
1:00pm – 1:30pm	<p><b>P2.001</b> - Understanding reasons for incomplete childhood immunisation on the Gold Coast: quantitative analysis  <b>Speaker:</b> Fiona May</p> <p><b>P2.002</b> - Evaluation of bacille Calmette-Guérin (BCG) vaccine in Australia between 2015 to 2018  <b>Speaker:</b> Archana Koirala</p> <p><b>P2.003</b> - Effectiveness of BCG vaccination against Mycobacterium tuberculosis infection in UK-based adults  <b>Speaker:</b> Anthea Katelaris</p> <p><b>P2.004</b> - Targeting the 24 – 27 month cohort: A tale of two councils  <b>Speaker:</b> Vikki Coghlan</p> <p><b>P2.005</b> - Facilitators and barriers to implementing midwife-led model for influenza vaccination in pregnancy  <b>Speaker:</b> Khai Lin Kong</p> <p><b>P2.006</b> - Developmental outcomes and SCN1A variants in children with vaccine-proximate febrile seizures  <b>Speaker:</b> Lucy Deng</p> <p><b>P2.007</b> - Factors Associated with HPV Seropositivity in Sexually Active Men  <b>Speaker:</b> Jason Menche</p> <p><b>P2.008</b> - Why don't vaccine-hesitant Australians believe in herd immunity?  <b>Speaker:</b> Tomas Rozbroj</p> <p><b>P2.009</b> - Repeat maternal Tdap-vaccination does not enhance infant immune-interference to childhood immunisations  <b>Speaker:</b> Camille Gibson</p> <p><b>P2.010</b> - Minimising Immunisation Pain of childhood vaccines in Younger children: The MIPY Study  <b>Speaker:</b> Narelle Jenkins</p> <p><b>P2.011</b> - An Update on Pertussis Epidemiology in Australia, 2013–2017  <b>Speaker:</b> Kushani Marshall</p> <p><b>P2.012</b> - The Immumum Study: The impact of immunosuppressive medications taken during pregnancy.  <b>Speaker:</b> Rosemary Joyce</p> <p><b>P2.013</b> – Measles Outbreak in a Brisbane Pacific Islander Community: Community Engagement Response  <b>Speaker:</b> Anuradha Styamurthy</p> <p><b>P2.014</b> – Prevalence and aetiology of respiratory illnesses during pregnancy  <b>Speaker:</b> Michelle Clarke</p> <p><b>P2.015</b> – IMD in Australian children: Differences in serogroup distribution and clinical presentation.  <b>Speaker:</b> Christine Heath</p>	

	<p><b>P2.016</b> – The safety and acceptability of a mixed whole-cell/acellular pertussis vaccination strategy  <b>Speaker:</b> Gladymar Perez Chacon</p> <p><b>P2.017</b> – Redefining the immunisation experience for children with needle fear  <b>Speaker:</b> Deidre Brogan</p> <p><b>P2.018</b> – Lessons learnt from implementing a mandatory health care worker flu vaccination program  <b>Speaker:</b> Sonya Ennis</p> <p><b>P2.019</b> – Research methods to improve immunisation rates amongst Aboriginal children 0-4 yrs  <b>Speaker:</b> Natalie Allan</p> <p><b>P2.020</b> – Achieving High Coverage with the Herpes Zoster Vaccine: the Australian experience  <b>Speaker:</b> John Litt</p>	
--	---	--

## Poster Presentations – Day 3 – Thursday 25 June 2020
